

**CAMBRIDGE ASSESSMENT INTERNATIONAL EDUCATION**

**CAMBRIDGE INTERNATIONAL AS AND A LEVEL 2024-26**

**Cambridge International AS and A Levels are internationally benchmarked qualifications providing excellent preparation for university education. They are part of the Cambridge Advanced stage.**

**The Cambridge International AS & A Level Program is a two-year course taken by learners in Grades 11 and 12.**

**The AS/A Levels is a highly specialized program and a student will normally take four subjects, although occasionally exceptional students take five [English Language is compulsory].**

**The program enables students to develop in-depth knowledge & deep understanding, strong reasoning abilities and critical thinking skills. Due to these reasons, the program is very well recognized and accepted by universities around the world including leading universities in India.**

**The subject content of each of the A Level syllabus has been subdivided into two parts: the AS syllabus content which is covered in the first half of the course (Grade 11), and part two of the syllabus commonly referred to as 'A2' covered in Grade 12. This flexible approach enables students to follow a staged assessment by taking the AS qualification in one examination session (at the end of Grade 11), and the A2 assessment in a subsequent session (at the end of Grade 12).**

**RECOGNITION AND ACCEPTANCE**

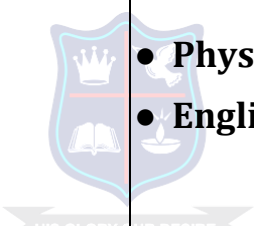

**Cambridge qualifications are accepted and valued by leading universities and employers worldwide. Thousands of learners worldwide gain places at leading universities every year with Cambridge International AS and A Levels. The Programme is accepted as an entry qualification by universities in India & as a 10+2 qualification by the Association of Indian Universities (AIU) into all professional & under – graduate courses.**
